

**FOR IMMEDIATE RELEASE**

## **Radiall India rewarded for its research work**

October 2014 – On September 7, Radiall India won two awards that acknowledge the quality of research work on improving business performance.

During the 23rd Convention on Quality Concepts of QCFI<sup>1</sup>, organized in Bangalore (India), the Radiall India team was recognized among the 275 participating teams. Approximately 75 companies from the Defense, Automotive or Industry markets gathered for the event, including: Bharat Electronics Limited, Hindustan Aeronautics Limited, Bharat Heavy Electricals Limited, TVS, Toyota or Keynes.

Radiall India won Gold awards for case studies on improving assembly and test processes for optical cables in the Defense and Telecommunications markets.

Radiall India also won Bronze awards for successful completion of case studies on improving the productivity and quality of connectors on the production line.

These two achievement awards recognize several months of hard work and dedication by the teams at Radiall India. Present in India for more than 20 years, Radiall offers radiofrequency and fiber optic connectors for the Aerospace, Defense, Space and Telecommunications markets.

<sup>1</sup> The Quality Circle Forum of India (QCFI) is a professional body founded in 1982. QCFI is recognized as the institution representing The Quality Circle Movement in India and has represented the country in several international forums.

###

### **About Radiall**
