

1- DESIGNATION:

RADIALL will change the process of packaging of the following ranges:

- SMT SPDT Quartz failsafe
- SMT SPDT Quartz latching
- SMT SPDT Quartz failsafe inverted path

2- PART NUMBERS:

Ranges	Concerned product part numbers
SMT SPDT Quartz failsafe	R516.X1X.100
SMT SPDT Quartz latching	R516.X3X.100
SMT SPDT Quartz failsafe inverted path	R516.X9X.100
SMT SPDT Quartz latching specific	R517433720

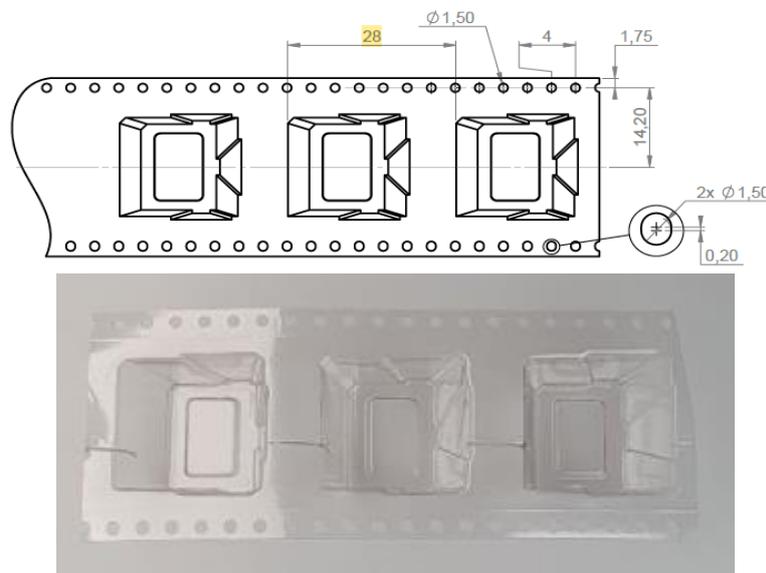

3- DESCRIPTION OF CHANGE:

- PROCESS** **PRODUCT**

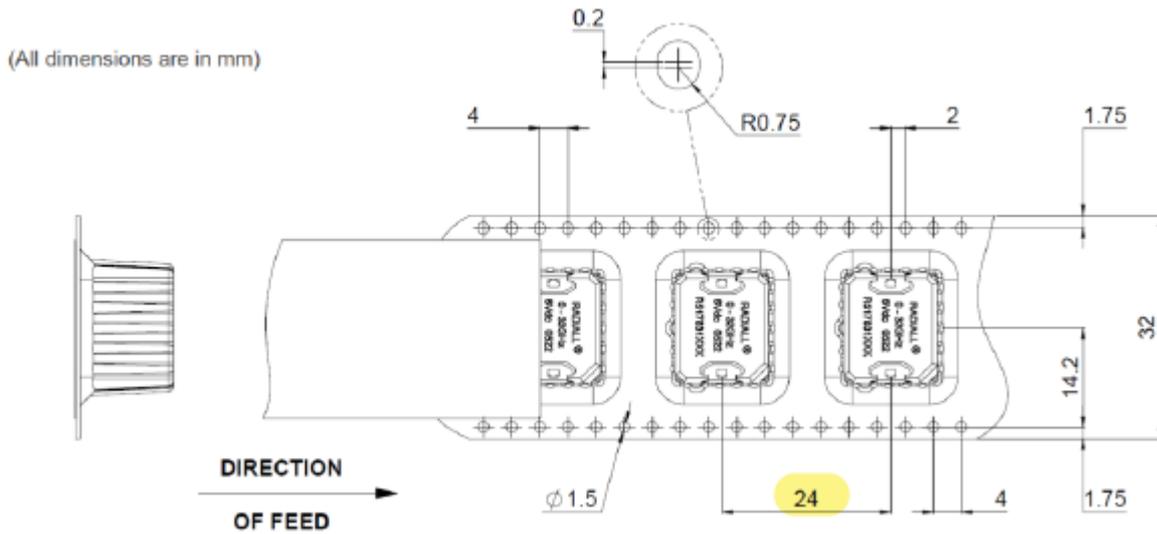

In order to improve the packaging of QUARTZ models, RADIALL has designed a new carrier tape to make it more rigid and to allow to pack more products in the same carrier tape length.

The distance between the cases will change on the embossed tape cases. The color of the band will be changed from the translucent one to a black band. See details below

Current packaging :

New packaging :

4- APPLICATION:

Radiall will apply this change from the 2nd of September 2024, the packaging will change at this date. Please take in consideration this change.
