QUICKFUSIO™ SERIES

Product Catalog

SIMPLIFICATION *is our* **INNOVATION**

Radiall is a community of dedicated individuals with a shared purpose: simplify life for all those who innovate.

Our manufacturing expertise allows us to deliver lighter and smaller products that simplify implementation and drive performance. We recognize that simplification starts with us, but proves its true benefits when it reaches you.

Introduction

Radiall's experience in rectangular connectors and ability to design innovative solutions make the QuickFusio™ series the perfect miniature interconnect solution for cabin interiors and EWIS aerospace applications. Combining high performance with competitive costs, this lightweight, tool-less connector features The Radiall Touch: one finger mating - in a snap!

The QuickFusio™ series is a versatile range that covers any wiring systems including harness-to-harness and equipment-to-harness. The QuickFusio™ series is available in different shell styles in order to make installing the miniature connector in any aircraft area feasible.

Bundle mount

Structure mount

APPLICATIONS

The QuickFusio™ series is the perfect solution for major commercial aerospace and defense OEMs and is perfectly suited for:

- Cabin Interiors: In Flight Entertainment (IFE), Lighting, Seat Actuators, In-Seat Power Supply, Passenger Service Units (PSU)
- Electrical Wiring Systems (EWIS)
- Sensors

Introduction

FEATURES & BENEFITS

**Competitive Cost**

QuickFusio™ series is optimized to meet customer expectations in terms of competitive **price positioning**. The use of standard **SAE-AS-38999 contacts** in QuickFusio™ inserts and the unique mating mechanism enables **quick mating** and reduces overall cost.

**Simple Wiring**

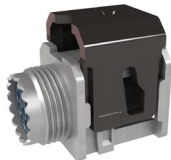

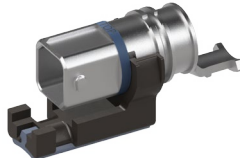

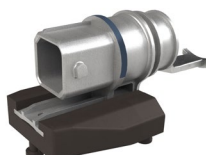

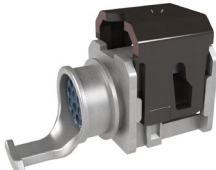

By **squaring a circle**, Radiall has created an innovative design compatible with standard **SAE-AS-38999 size 11 accessories**. The unique design covers **any type of wiring** combination and is easy to install due to the **Radiall Touch**: one finger mating – in a snap !

**Lightweight Solution**

Extremely compact, **QuickFusio™ series is 20% lighter and 40% smaller** than the competition. This small, dense solution eliminates wasted space and reduces the overall weight. QuickFusio™ is only **20 grams** per pair when equipped with size 22 contacts.

QUICKFUSIO™

Range Overview

Plugs	Receptacles (Mateable with all plugs)			
	Receptacle outputs	Square Flange receptacle for panel and box mount ⁽¹⁾	In-Line receptacle and platform for bundle mount	In-Line receptacle and platform for structure mount ⁽²⁾
 Threaded accessory	Threaded output			
	Banding platform output			
 Banding platform	Banding platform and tie-wrap output			
	Short receptacle output with straight PC tail contacts			
 Banding platform and tie-wrap	Short receptacle output with right angle PC tail contacts			

NOTE:

(1) Sealed square flange versions will soon complete the existing square flange receptacle range. Please contact your local representative for additional information.

(2) Shell style not yet available. Please contact your local representative for additional information.

Product Selection Guide

TWO INNOVATIVE SOLUTIONS TO MEET CUSTOMERS' NEEDS

To meet all customers' needs and expectations, the QuickFusio™ series is available in two different versions: QuickFusio and QuickFusio+

- The QuickFusio connector offers the perfect balance between extreme competitive cost and performance needed in pressurized environments, especially in cabin applications.
- Qualified in accordance to EWIS standard, the QuickFusio+ connector meets even more stringent requirements and is suitable for both pressurized and non-pressurized environments.

To choose your connector, determine your performance requirements below:

Performance	QuickFusio	QuickFusio+
Operating temperature	-55°C to +125°C (-67°F to +257°F)	-65°C to +175°C (-85°F to +347°F)
Altitude immersion	No sealing	55,000 feet
DWV at 70,000 feet (mated connector)	325 Vrms	1000 Vrms
Salt spray	48 h	96 h
Vibrations	20 g Sinus - 4 hours on each of the 3 axis	27.8 grms - 8 hours on each of the 3 axis
Lightning strike	N/A	5 KA - 1600 V
Shell to shell conductivity	10 mΩ max	2.5 mΩ max

How to differentiate your connectors?

NOTE:

[1] Minimum level validated by Radiall, other levels can be tested on demand.

- A 10 Gb/s offer
- A 1 Gb/s offer

Available with QuickFusio and QuickFusio+

QuickFusio™ 10 Gb/s was successfully tested with cables measuring up to 68 meters fitted with 6 QuickFusio connections. The results shown below concern a set-up based on Arinc 800 part 4 specification, tested with a Gore Ethernet cable RCN9047-26 equipped as follow⁽¹⁾:

Eye Diagram

Frequency (MHz)	IL of Antenna (dB) - Red Curve	IL of Feed Line (dB) - Brown Curve
0	3.0	0.5
20	10.0	1.5
40	15.0	2.0
60	19.0	2.5
80	22.0	3.0
100	24.0	3.5

NOTE:

7

GigaBit Ethernet

II. QUICKFUSIO™ 1 GB/S

The 1 Gb/s offer passes the Ethernet cat5e performance level due to a specific layout configuration developed in the insert IG, which preserves the signal integrity while minimizing crosstalk, insertion loss and return loss effects.

Single Ethernet cable configuration (available with QuickFusio and QuickFusio+)

The single Ethernet configuration was tested with the same configuration (based on Arinc 800 part 4 specification) as QuickFusio™ 10 Gb/s.⁽¹⁾

Insert IG contact mapping

Transmission characteristics:

Near-End Crosstalk (NEXT):

Insertion Loss (IL):

Return Loss (RL):

Double Ethernet cable configuration (available with QuickFusio)

For this insert layout, the following configuration was tested with a Thermax MX10G-26FLX Ethernet cable.⁽¹⁾

Insert IG contact mapping

Transmission characteristics:

Near-End Crosstalk (NEXT):

Insertion Loss (IL):

Return Loss (RL):

Refer to mounting instruction ref. MI IN 27 00004 EN (QuickFusio) and ref. MI IN 27 00001 EN (QuickFusio+) to ensure proper cable and connector assembly. Test reports are available upon request.

NOTE:

[1]: For specific information on the Ethernet offer for QuickFusio™ equipped with PC tail contacts, please ask your local representative.

Product Overview

MATERIALS AND PLATING

Plug and receptacle

- Shell: high grade thermoplastic (nickel plated)
- Insert retention clip: beryllium copper
- Slide lock (plug): high grade thermoplastic
- Nut plate (receptacle): stainless steel

Insert

- Grommet and interfacial seal: fluorosilicone elastomer
- Insulators: high grade thermoplastic
- Retention clip: metallic

Contacts: Copper alloy, gold plated over nickel

Bundle mount platform (for In-Line receptacle):

- Silicone pad: silicone rubber
- Cradle: high grade thermoplastic

Insert Overview

NON-ENVIRONMENTAL INSERTS

ENVIRONMENTAL INSERTS

INSERT ARRANGEMENTS

Except for F4 and Q1 inserts, all inserts are available in environmental and non-environmental versions.

Insert name 22 22 x size 23 contacts	Insert name 14 14 x size 22 contacts	Insert name 07 7 x size 20 contacts
Insert name F4 4 x LuxCis® Arinc 801 contacts	Insert name M4 3 x size 20 contacts 1 x size 12 contact	Insert name 04 4 x size 16 contacts
Insert name Q1 1 x size 8 quadrax contact	Insert name IG for 1 Gb/s Ethernet applications	Insert name XG for 10 Gb/s Ethernet applications ^[1]

● Insert only available:

- In environmental version
- With accessory thread or banding plaform rear output shell

NOTE:

[1]: To order insert XG, please contact your local representative

How to order QuickFusio™

QuickFusio™ is delivered fully assembled including the shell, with insert mounted and with or without contacts based on your selection.

Tips to help you in your selection:

- QuickFusio+ connectors are fitted with environmental inserts (except for short receptacles with PC tail contacts which are fitted with non-environmental inserts).
- QuickFusio connectors are always fitted with non-environmental inserts.
- For crimp contacts, you can use either pin or socket inserts in QuickFusio and QuickFusio+ plugs or receptacles (however, if scoop proof option is needed, please use pin inserts in receptacles).
- PC tail contacts are only available as pin PC tail contacts in short receptacle rear output (if PC tails are selected then all the cavities are populated).
- Short receptacle is dedicated to PC tail terminations. If crimp contacts are needed in short receptacle, please ask your local representative.

Electrical Contacts

QuickFusio connectors use highly standardized contacts per SAE-AS39029 and EN3155:

- Signal and power contacts
- High frequency with coax, twinax and triax contacts
- Ethernet links with Quadrax contacts
- Fiber Optic

QuickFusio is also compatible with coaxial contacts EN3155-067 and EN3155-068.

Triax contacts

QuickFusio is compatible with triax contacts per EN3155-012; EN3155-024; EN3155-013 and EN3155-025.

LuxCis® Arinc 801 Fiber Optic Contacts

The LuxCis® Arinc 801 product range is a proven and flexible fiber optic interconnect solution that offers high speed communication in the aerospace market and other harsh environments.

OPTICAL PERFORMANCE

	SingleMode UPC	SingleMode APC	MultiMode PC
Wave length	1310-1550 nm		850-1300 nm
Insertion loss			
Mean	0.15 dB	0.2 dB	0.10 dB
Standard deviation	0.1 dB	0.12 dB	0.07 dB
Return loss	>50 dB	>65 dB	>20 dB

Insertion Loss against a reference pathcord: IEC 61300-3-4 Method B, also described in ARINC 805

Return Loss: IEC 61300-3-6, also described in ARINC 805

MECHANICAL AND ENVIRONMENTAL CHARACTERISTICS

Test	Standard	LuxCis® Arinc 801 in QuickFusio+ connector
Thermal cycling	SAE AS 13441 method 1003.1	-55°C/+125°C (cable dependent)
Temperature endurance	TIA/EIA 455-11	1000 h @ 125°C (cable dependent)
Vibration	EN2591-403-method B-Level G	27.8 grms
Shocks	EN2591-402	50 grms
Durability	TIA/EIA 364-09	500 cycles
Maintenance ageing	SAE AS 13441 method 2002.1	10 cycles
Cable retention 1.8 mm diameter 900µm diameter	SAE AS 13441 method 2009.1	68 N 7 N
Humidity	TIA/EIA 455-5	10 cycles/24 h - 90% RH - + 25°C/+65°C
Salt spray	SAE AS 13441 method 1001.1	96 h
Altitude immersion	TIA/EIA 455-15A	Minimum pressure equivalent to an altitude of 16,764 m (55,000 ft.).

LUXCIS® CONTACT PART NUMBERING SYSTEM

F725	0	03	419
------	---	----	-----

F725: LuxCis® series

Ferrule type

- 00:** PC ferrule for SingleMode fiber
- 03:** PC ferrule for 50/125 or 62,5/125 µm MultiMode fiber
- 04:** PC ferrule for 100/40 µm MultiMode fiber
- 05:** PC ferrule for 200/230 µm MultiMode fiber
- 50:** APC ferrule for SingleMode fiber

Cable type and diameter

- 118:** 900 µm cable
- 318:** 1.2 mm cable with strengthening members, tight structure
- 419:** 1.6 to 2.2 mm cable, loose structure
- 519:** 1.6 to 2.2 mm cable, tight structure

NOTES:

Radiall can support you with your cable and harness assemblies.
Please contact your sales representative.

Q-MTitan™ Fiber Optic Contacts

Q-MTitan™ is a ruggedized High Density optical solution for harsh environments. It brings multifiber capability through a standard #8 Quadrax cavity. With Q-MTitan™ protecting the MT ferrule, customers can take advantage of the parallel optic technology in harsh environments.

OPTICAL PERFORMANCE

	MultiMode PC
Wave length	850-1300 nm
Insertion loss	< 0.50 dB
Return loss	>20 dB

MECHANICAL AND ENVIRONMENTAL CHARACTERISTICS

The Q-MTitan™ contact has followed a full qualification test file in multipin connectors sharing the same quadrax cavity design with the QuickFusio™. The following data show the main performance of Q-MTitan™. For additional information, please contact your local Radiall representative.

Test	Standard	Q-MTitan™ contacts
Thermal cycling	EN 2591-6305	-55°C/+125°C (cable dependent)
Temperature endurance	EN 2591-6301	1000 h @ 125°C (cable dependent)
Vibration	TIA/EIA 455-11C	28 grms
Mechanical endurance	EN 2591-406	200 cycles
Cable cycling flexing	EN 2591-609	10 cycles / 3 N
Cable pulling	EN2591-610	68 N
Damp heat cycling	EN 2591-6321	10 cycles/24 h - 95% RH - + 38°C/+65°C

Q-MTitan™ series F735 offers:

- High Density of MT ferrule (12 or 24 fibers)
- Compatibility with round and ribbon multi-fiber cables
- Sealing and cable retention functions on round multi-fiber cables
- Convenient inspection and cleaning with efficient tool kits provided
- User friendly solution: insertion & extraction using standard size 8 tool

Q-MTitan™ contacts are available as pre-terminated cable assembly designed and manufactured based on customer specifications, including various fiber management configurations. Please contact your local Radiall representative with your application requirement.

Accessories

ACCESSORIES FOR THREADED OUTPUT SHELLS

The QuickFusio™ series is compatible with a wide range of standard rear accessories.

The threaded output has been designed per MIL-DTL-38999 series III size 11 rear dimensions. QuickFusio plug and receptacle connectors are suitable for use with MIL-DTL-38999 series III type backshells.

When using F4 and Q1 inserts, refer to page 15 to 17 to check special grommet protrusion.

ACCESSORIES FOR BANDING OUTPUT SHELLS

Band shield terminator			
Radiall part number	Size	Length B	Length C
627990002	Micro	190.5 mm [7.5 inch] - 215.9 mm [8.5 inch]	2.79 mm [.110 inch] - 2.87 mm [.113 inch]

To be used with banding tool A30199

SEALING PLUGS

Sealing plugs are dedicated to environmental inserts

Contact size	Radiall part number	Color	Standard part number
22	616910	Black	MS27488-22-2
20	616911	Red	MS27488-20-2
16	616912	Green	MS27488-16-2
12	616913	Orange	MS27488-12-2
8	618915	Red	N/A

Spare parts and tools

	Part number	Description
	627954001	Dust cap for plug shell (pink)
	627954002	Dust cap for receptacle shell (pink)
	627954003	ESD dust cap for receptacle shell (black)
	627954004	ESD fly cap for receptacle shell (black)
	627802001	Sleeve holder for F4 insert
	282549048	Extraction tool for sleeve holder
	670950013	Sealing boot for size 8 quadrx contacts cable: NF 24 Q100 and ABS1503KD24
	627990001	Screw Kit (4 x UNC 4-40 3A 5/16 screws and 4 x washers)
	282690050	Flat screwdriver for slide lock opening FACOM_AN_2.5x50
	627900001	Bundle mount platform
	282690051	Holding wrench for rear threaded accessory

SIMPLIFICATION is our INNOVATION

We advance the design and engineering process for innovators, ground-breakers and pioneers of technology. We reduce weight, improve durability, and streamline installation to provide leading-edge connectors that drive product performance.
